As of 2016 this document has been replaced by an online resource guide. For the latest information please visit http://resources.hdiuk.org.
PURPOSE STATEMENT

This manual was designed primarily for use by individuals with developmental disabilities and related
conditions. We hope that it is also useful for families, as well as service coordinators and providers who
directly assist families and individuals with developmental disabilities.

The main focus of this manual is to provide easy-to-read information concerning available resources,
and to provide immediate contact information for the purpose of applying for resources and/or locating
additional information. In many cases, we took definitions and eligibility for services directly from the
agency websites that offer these programs.

You may notice that many of the resources listed in this manual are directly linked to regional
Community Mental Health Centers. Often, and especially with children under the age of three and for
adults, a local Community Mental Health Center will be the point of entry for an individual to gain access
to many programs and services. For school-aged children and adolescents, the most direct route to
services is often through the local public school system.

This product is the hard-copy version of the Disability Resource Manual created by the Human
Development Institute. An online version of this manual with a site search engine is also available at
www.hdi.uky.edu. This website has been tested for web accessibility and is accessible to screen readers.
Alternate formats of this manual are available upon request.

The list of resources provided within this manual is not meant to be exhaustive. The purpose is to focus
on resources available to individuals with developmental disabilities, though other related resources
have been included. If you are aware of additional resources that are available and that should be
included, we invite you to contact us regarding future editions of this manual.

Thank you.

The Commission for Children with Special Health Care Needs (CCHCN)

What is the CCSHCN?

Clinics offered through CCSHCN provide a family centered multidisciplinary approach to care. During each visit, children and families have access to nutritional services, social services, care coordination through a registered nurse, and specialty physicians. Physical and occupational therapies are included for clinics serving children with orthopedic conditions and cerebral palsy. Speech therapy is available for children with hearing loss or other conditions that affect speech and language development. Clinics that treat complex conditions offer the services of multiple physicians who provide a team approach to the management of these complex conditions.

Does my child qualify for services from CCSHCN?

- Your child must be a resident of Kentucky
- Your child must be under the age of 21 years (exception: adults with Hemophilia may also qualify)
- Your child must have a condition usually responsive to medical treatment provided by our program
- You must meet financial guidelines

How do I apply?

To find the regional office that serves your area:

Commission for Children with Special Health Care Needs
310 Whittington Parkway, Suite 200
Louisville, KY 40222
Phone: (502) 429-4430
Toll Free: (800) 232-1160
Fax: (502) 429-4489

Email: cchcnwebpage@ky.gov
Website address: www.chfs.ky.gov/ccshcn
Early Periodic Screening Diagnostic and Treatment Special Services (EPSDT)

What is EPSDT?

The EPSDT Screening Program provides routine physicals or well-child check-ups for Medicaid eligible children at certain specified ages. EPSDT can also provide speech/language, physical and/or occupation therapy, and specialized durable medical equipment for children who qualify and need those services. EPSDT is considered preventive care. Children are checked for medical problems early. Specific tests and treatments are recommended as children grow older. The areas of health care that are checked include: preventive check-ups, growth and development assessments, vision, hearing, dental, immunizations, laboratory tests, physical, occupational and speech & language therapy, and screenings for mental health and substance abuse.

Does my child qualify?

• Must be age 21 or under and be eligible for Medicaid, or 19 and under if receive KY CHIP (purple card).
• Services must be deemed medically necessary by peer review organizations and must be prior authorized by these organizations.
• Home therapy can be approved over the sessions allowable under Medicaid or as advised by the First Steps program if a therapy plan of care is approved.

How can I apply for EPSDT services?

Application forms must be submitted by the service provider. Required information includes:
• A physician’s order (such as therapy or specialized durable medical equipment not covered by Medicaid or waiver services)
• Product information and prices from different providers with comparable products
• A letter from the physician or other professional including
  o Patient history, diagnosis and prognosis
  o Medical justification for each item/service/therapy
  o Description of the benefit to the patient
  o Length of time that the patient will need the item/service

Often, the application process can be facilitated by contacting a home health agency, nurse’s registry, dental agency, or equipment provider. Your local Health Center may have a listing of local EPSDT providers. If you are refused service through EPSDT, there is an appeal process. For questions about appealing a decision, contact Kentucky Protection and Advocacy at (800)-372-2988 or (502)564-4527 (Voice/TTY).

How can I learn more?

Call the Department of Medicaid Services, Children’s Health Services Phone: (800) 635-2570; for hearing impaired (800) 775-0296

How does one become a service provider?

Providers of service must obtain an ESPDT provider number. Call Provider Enrollment at (877) 838-5085
First Steps

What is First Steps?

First Steps is an early intervention program administered by the Department of Public Health, KY Cabinet for Health and Family Services. First Steps serves children from birth to age three who have a significant developmental delay or a physical or mental condition likely to cause a delay in development. First Steps offers comprehensive services to children and their families through a variety of community agencies and service disciplines. These intervention services are provided in the child’s natural environment (home, daycare, or community).

Does my child qualify?

- Child must be younger than age 3
- Child must have a significant developmental delay or disability OR an established risk condition (Down syndrome, spina bifida, cerebral palsy, etc...) likely to result in a delay.

Areas of concern in child development

- Communication
- Motor Skills
- Cognitive Development
- Social and Emotional Skills
- Adaptive or Self-Help Skills

If you have a concern about your child in any of the areas listed above, you can apply for the First Steps program, regardless of your income. An evaluation of your child's development will be available. Children who qualify will have an Individual Family Services Plan (IFSP) developed, based on the family's key goals for their child's development.

Is there a cost?

Evaluations, assessments and screenings are free to all families. Once determined eligible for the program, the family will be assigned a family-share participation fee, ranging from 0 - $100 per month. This fee is based on household income and size. Families having Medicaid will not receive any family share or billing. If the family has insurance, First Steps will attempt billing for early intervention with parents’ consent. The family will then not be responsible for co-pays. Families who do not consent to insurance billing will receive only the free services of screening, assessment, evaluation, IFSP development, and procedural safeguards.

How do I apply?

Contact the First Steps Program: (877-417-8377) or TTY: (502) 564-5777.
You will then be directed to your local point of entry office.

Kentucky IMPACT Program

What is the Kentucky IMPACT Program?

Kentucky IMPACT is a statewide program which coordinates services for children with severe emotional disabilities and their families. IMPACT serves children and youth of all ages. Family-centered planning guides the IMPACT Service Coordination between teachers, physicians, individual counselors, and the family. Additional mental health treatment is available for children of all ages to support the service plan developed by the IMPACT team. IMPACT emphasizes an individualized plan of care and pulls together community based resources for the child and family. This is supported by a flexible fund for the purchase of specialized assessments, supports and supplies. A family support specialist also connects each caregiver and youth to support groups.

Does my child qualify?

• Child must be younger than 18.
• Must have a diagnosis of a psychiatric disorder or diagnosis of chemical dependency. Intellectual disabilities may be present, but cannot be the primary diagnosis.
• Must have significant limitations in at least two of the following areas: self-care, interpersonal relationships, family life difficulty in daily life activities, self-direction, and/or school. Must have had the disability for at least one year, and must require service planning between two or more agencies.

How can I apply for IMPACT services for my child?

You may contact the state office for Kentucky IMPACT, and you will be directed to the appropriate regional office:

100 Fair Oaks Lane, 4E-D
Frankfort, KY 40621-0001

Phone: (502) 564-4456
TTY: (502) 564-5777
Fax: (502) 564-9010

Or you may contact your local Community Mental Health Center (See Community Mental Health Center listings in the Additional Resources section of this manual).

How can I learn more?

Kentucky IMPACT Website address: http://dbhdid.ky.gov/dbh/kyimpact.aspx

Or you may contact your local Community Mental Health Center to determine if there are providers in your area. (See Community Mental Health Center listings in the Additional Resources section of this manual)
IMPACT Plus

What is IMPACT Plus?

IMPACT Plus is a collaborative effort of the Department for Medicaid Services; Department for Community Based Services; Department for Behavioral Health, Developmental and Intellectual Disabilities; parents and stakeholders. This program provides a network of care and services for Medicaid/K-CHIP-eligible children with complex treatment needs. Services include: after-school or summer programs, behavioral health evaluations, collateral services, crisis stabilization services, day treatment, group and/or individual therapy, intensive outpatient behavioral health services, parent-to-parent support, partial hospitalization, targeted case management, therapeutic child support, therapeutic foster care services, and therapeutic group residential services.

Does my child qualify?

Must be under the age of 21, Medicaid-eligible in KY, and fit one of the following requirements:
- Currently in the custody or under the supervision with risk of being in the custody of the Department for Community Based Services or Department of Juvenile Justice
- Must be at risk for being institutionalized or taken out of the home.

Must have documentation to prove:
- Diagnosis with a severe emotional disorder (Axis I Diagnosis other than dementia or primary substance abuser)
- A serious behavioral health problem related to the diagnosis that has lasted in the home, school, and community for the past 6 months and has been determined by a behavioral health professional to be at high risk of continuing for 6 months
- An intensive plan of medically-necessary, community-based behavioral health services is necessary and the services are expected to improve the child’s condition OR prevent further regression so that the child will be able to be discharged to a less intense service program
- Other intensive services within the child’s community are not enough to meet the child’s behavioral needs or are not available or accessible to the child. Or, an appropriate, less intense service program is available and accessible but the child has a severe concurrent Axis II or Axis III diagnosis that complicates treatment.

How do I apply for IMPACT Plus services for my child?

Contact the IMPACT Plus Program Office at the Department for Behavioral Health, Developmental and Intellectual Disabilities or a sub-provider agency to request the services and give a detailed history. The provider agency prepares an eligibility packet and submits it to a prior authorization company. The Provider Directory is available at the following website: 

Phone: (502) 564-4797
TTY (502) 564-5777
Fax: (502) 564-4826

Affordable Care Act - How It Impacts You

What is the Affordable Care Act?

The Patient Protection and Affordable Care Act (ACA) was enacted in 2010 to provide better, more affordable healthcare to Americans. The ACA requires that health insurance plans include certain basic benefits. The ACA has allowed our state to expand Medicaid, and establish a health insurance marketplace, called Kynect (http://kynect.ky.gov). This means many more Kentuckians will have health insurance. As part of the ACA, individuals without health insurance and who do not have extreme financial hardship, must purchase at least a “bronze” level plan from a healthcare exchange to avoid a financial penalty for not having health insurance.

The Health Care Exchanges (such as Kentucky’s “kynect”) are mostly for people who buy insurance on their own and for people who do not have any health insurance. If you are paying for your own health insurance and the premiums cost more than 9.5% of your income or if the insurance covers less than 60% of your medical expenses, you can still shop for a more affordable and better benefit plan at Kynect. You may also qualify for federal tax credits to help you pay for your new premiums.

Tax Credits are only available on health insurance plans purchased through Kynect. If you are single and you make less than about $46,000, or if you are a family of four and you make less than about $94,000, you may get a tax credit from the government to help pay your premium.

The Affordable Care Act says that most Americans must purchase insurance or pay a penalty. These penalties will be in the form of “fines” when you file your taxes in 2014 and the fines will go up in 2015.

Some of the important provisions of the ACA that benefit people with disabilities include:

• Children under 19 can no longer be denied coverage based on preexisting conditions. A pre-existing condition is one that existed before the date you enrolled in health insurance. coverage and can include common conditions such as diabetes, seizures, asthma, and others.
• Effective in 2014, adults can no longer be denied coverage on the basis of a pre-existing condition, as well.
• Insurance companies cannot drop your coverage or charge you more on the basis of your disability or other health condition.
• Insurance companies cannot impose lifetime dollar limits on essential benefits.
• You can appeal coverage determinations.
• All new health plans must cover certain preventative services without charging deductibles.
• Coverage is extended so young adults can stay on their parents’ plan until they are 26 (and the coverage for a dependent son or daughter with a disability may be extended beyond the age of 26).
• Habilitation services can include speech/language, physical therapy, and occupational therapy, up to 20 visits per year for each service.
Kynect: KY’s Marketplace or Health Care Exchange

What is Kynect?

Beginning January 2014, most Americans will be required to have health insurance or pay a penalty due to the Affordable Care Act (ACA). “Kynect”, http://kynect.ky.gov, will provide simple, one-stop shopping for Kentuckians and small businesses to purchase health insurance. Kynect will also see if you are eligible for payment assistance and tax credits, as well as Medicaid and the KY Children’s Health Insurance Plan (KCHIP).

The exchange, which opened October 1, 2013, allows Kentuckians with and without health insurance to enroll in a plan with benefits starting in January, 2014. There is an “open” enrollment time for anyone to obtain insurance until March 30, 2014. Insurance companies will offer 4 levels of plans: bronze, silver, gold and platinum. The plans and premiums will vary based on the deductible amount, co-pays, and the amount paid by the insurance plan. Individuals without health insurance must purchase at least a “bronze” level plan to avoid a financial penalty. Payment assistance, discounts or tax credits are available if you qualify financially.

As a result of the ACA, health insurance programs must enroll children and adults with pre-existing conditions or disabilities. No plan in Kentucky will have life-time spending caps on costs related to chronic or life-threatening conditions. All health plans “must” cover essential health benefits, including doctor visits, trips to the hospital or emergency room, medicine, and care for pregnant women and children.

You and your adult son or daughter with a disability may be eligible for health coverage through Kynect, even if your son or daughter is over 26 or is turning 26 in the next 12 months. In this situation, disability is defined as “unable to stay employed due to intellectual or physical reasons and being dependent upon the insurance policy holder for support and maintenance.” Kynect recommends that you apply for premium assistance and Kynect will contact you when your health coverage application for your son or daughter can be completed.

How can I sign up through Kynect?

You may create a paper file, but Kynect recommends that you apply on-line or by phone with help from a “kynector” who will guide you through the process of an application. Kynect makes it easy to apply online even if you do not have a computer. To apply online, go to http://kynect.ky.gov and create a user name and password. Creating an account will allow your information to be saved, if you cannot complete your application in one sitting. Please read each page carefully and answer the questions to the best of your ability. If you need additional help, Kynect allows you to talk via web chat or phone to a Customer Service representative in your area at the numbers below.

How can I learn more?

Customer Service: Monday through Friday - 7:00am – 6:00pm; Saturday - 9:00am – 4:00pm.

Medicaid Expansion (Affordable Care Act Changes)

What changes will occur due to Medicaid Expansion in KY?

The Affordable Care Act (ACA) was passed to provide Americans, including Kentuckians, broader access to health care, including Medicaid. KY is planning to expand eligibility to 138% of the Federal Poverty Level.

Do I qualify?

Beginning in January of 2014, KY will have an unprecedented opportunity to give an estimated 308,000 currently uninsured, low income Kentuckians access to affordable health care. Members of families with children, pregnant women, elderly, blind, or persons with a disability are eligible for Medicaid if they meet certain financial criteria, as well as adults who work at minimum wage jobs for fewer than 40 hours per week, individuals who are self-employed or single parents whose children are covered by KCHIP. The new financial threshold of 138% of the Federal Poverty Level means that a single person with no children earning less than $15,856 per year is eligible to sign up for Medicaid. A family of four with an annual income of less than $32,499 is also eligible for Medicaid.

A child with a developmental disability may also be eligible for both SSI and Medicaid.

How can I apply for Medicaid coverage?

An application for Medicaid may be filed at your local Department for Community Based Services Office. Applicants will be required to show proof of identity, proof of citizenship, proof of health insurance, proof of income, Social Security number, and a doctor’s statement verifying pregnancy, if applicable.

For more information, call the Cabinet for Health Services of Kentucky, Dept. for Medicaid Services

(800) 635-2570
website: [www.chfs.ky.gov/dms](http://www.chfs.ky.gov/dms)

Kentucky Health Benefit Exchange through KYNECT, Kentucky’s Healthcare Connection

Starting in 2014, due to the Affordable Care Act, most Americans will be required to have health insurance. By using KYNECT you may receive payment assistance, special discounts or tax credits to help cover the costs of coverage to you, your family or your employees. KYNECT will allow you to compare and select insurance plans and find out if you qualify for programs like Medicaid of the KY Children’s Health Insurance Program.

**OPEN ENROLLMENT** begins **October 1, 2013** and runs through **March 31, 2014** with coverage beginning as soon as **January 2014**.

[http://healthbenefitexchange.ky.gov/Pages/home.aspx](http://healthbenefitexchange.ky.gov/Pages/home.aspx)

How can I learn more?

Visit the Kentucky State Medicaid Website: [http://governor.ky.gov/healthierky](http://governor.ky.gov/healthierky) or the KYNECT website: [http://kynect.ky.gov](http://kynect.ky.gov)
Additional KYNECT Medicaid Guides

Kentucky’s Healthcare Connection, KYNECT, will provide individuals, families and small businesses with easy, one-stop shopping to find the healthcare coverage you need if you are not initially eligible for Medicaid’s expansion eligibility.

By using KYNECT, you may receive payment assistance, special discounts or tax credits to help cover the costs of coverage for you, your family or your employees. KYNECT will allow you to compare and select insurance plans and find out if you qualify for programs like Medicaid or the Kentucky Children’s Health Insurance Program.

There is a plan in Kentucky that will also enroll people with pre-existing conditions and no plan in Kentucky will have life-time spending caps on costs related to chronic or life-threatening conditions.

Kentucky Children’s Health Insurance Program (K-CHIP)

What is K-CHIP?

K-CHIP’s mission is to provide free health insurance coverage to low income, uninsured children in Kentucky. The K-CHIP staff understands that access to health care is very important and that preventive care is a large part of health care. Immunizations, well child checkups, and other preventive services help children get and stay healthy. For example, a family of four can earn up to $47,100 a year and qualify for KCHIP for their children under 19 years of age.

Does my child qualify?

- Must be less than 19 years of age
- Must not be eligible for Medicaid
- Must not have had health insurance for at least six months
- Must not have voluntarily dropped child’s insurance within the past 6 months
- Family income must be at or below 200% of the Federal Poverty Line.

How can I apply for my child to obtain medical coverage through K-CHIP?

Contact the K-CHIP Program, Department for Medicaid Services, where eligibility and services are determined by local offices in the county where the applicant resides:

Phone: (877) 524-4718
Spanish: (800) 662-5397
TTY: 711

The K-CHIP email address is chfs.kchip@ky.gov

You may download a specific K-CHIP application at this site through December 30th, 2013: http://kidshealth.ky.gov/en/kchip/apply.htm

AFTER October 1, 2013, Kentucky’s Affordable Healthcare Connection, KYNECT, will provide a "universal" application which provides individuals and families an easy, one-stop process to find any health care coverage or programs that individuals in the family are eligible for, including low cost health insurance or state free programs, such as Medicaid and K-CHIP. To apply for K-CHIP and other programs, you may apply during the Open Enrollment period beginning October 1, 2013 and continuing through March 31, 2014.

KYNECT website: http://kynect.ky.gov/
Medicare

What is Medicare?

Medicare is the nation’s largest health insurance program. Medicare covers more than 39 million Americans 65 or over, some people with disabilities under 65, and people of all ages who have End Stage Renal Disease.

Medicare has two major parts:

• Part A (Hospital Insurance) - Most people do not have to pay for Part A
• Part B (Medical Insurance) - Most people pay monthly for Part B

Do I qualify for Medicare?

• Must be a citizen or permanent resident of the United States;
• Must be 65 years of age and older OR
• You or your spouse must have worked for at least 10 years in Medicare-covered employment
• Be under 65 with End Stage Renal Disease OR
• Have received Social Security or Railroad Retirement disability for 24 months.

If you are not a U.S. citizen or a lawfully admitted alien who has lived in the U.S. continuously for a five-year period, please contact the Social Security Administration at (800) 772-1213 for your Medicare enrollment and eligibility.

How can I apply for Medicare coverage?

• If you are not yet 65 and already getting Social Security or Railroad Retirement Board benefits, you do not have to apply for Medicare.
• If you are disabled and have been receiving disability benefits under Social Security or Railroad Retirement Board for 24 months, you will be automatically enrolled in Part A and Part B beginning the 25th month of benefits.
• If you are not receiving Social Security or Railroad Retirement Board benefits you must apply for Medicare Part A and Part B. You can apply by contacting the Social Security Administration (or Railroad Retirement Board).
• You should apply three months before the month you turn 65.

What is the impact of the Affordable Care Act on Medicare?

The Medicare benefits you currently receive will remain the same. Medicare will continue to cover your health costs the way it has with no changes in eligibility. If you need help with your Medicare coverage, visit the federal Medicare website or call 1-800-MEDICARE. One improvement is that certain Medicare participants falling in the “doughnut hole”, the point when prescription drug coverage stops and does not begin again until the participant pays a set amount out of pocket for his or her medicines, receive a $250 rebate to help cover the cost of their prescription drugs after Jan 1, 2014.

Call the Social Security Office: Phone: (800) 772-1213; TTY: (800) 325-0778
Medicare website: www.medicare.gov
Acquired Brain Injury (ABI) Waiver

What is the ABI Waiver Program?

This program is designed to provide intensive services and supports to adults with acquired brain injuries as they work to re-enter community life. Services include case management, personal care, companion services, respite care, environmental modifications, behavior programming, counseling and training, structured day programs, specialized medical equipment and supplies, prevocational services, supported employment, occupational therapy, community residential services, and speech and language services. Services can only be provided in community settings.

Do I qualify for ABI?

You Must:
- Have an acquired brain injury
- Be at least 18 years old
- Meet nursing facility level of care
- Be expected to benefit from waiver services
- Be financially eligible for Medicaid services

How do I apply for ABI?

You may go the website to locate the application forms. You may also call for further information: (502) 564-5198 or toll free: (866) 878-2626.

Or you may write:

Acquired Brain Injury (ABI) Long-term Care Waiver

What is the ABI Long-term Care Waiver Program?

The Acquired Brain Injury Long Term Care Waiver program provides an alternative to institutional care for individuals who have reached a plateau in their rehabilitation level and require maintenance services to avoid institutionalization and to live safely in the community. Services include case management, community living supports, respite care, adult day health care, adult day training, environmental modifications, behavior programming, counseling, group counseling, specialized medical equipment and supplies, supported employment, occupational therapy, speech therapy, nursing supports, family training, physical therapy, assessment and reassessment, and supervised residential care.

Do I qualify for ABI?

You Must:

• Be at least 18 years of age
• Meet nursing facility level of care
• Have a primary diagnosis of an acquired brain injury which necessitates supervision, rehabilitative services and long term supports
• Be financially eligible for Medicaid services.

How do I apply for ABI?

You may go the website to complete the application forms or call for applications: (502) 564-5198 or toll free: (866) 878-2626

Assistive Technology

What is Assistive Technology?

Assistive technology refers to devices and tools created to help children and adults with communication disorders and/or disabilities participate more fully in the activities of daily life. Assistive technology can be funded through school systems, private insurance, public funding, other private sources and loans.

How can I apply for Assistive Technology?

Assistive technology may be provided through several agencies, each with its own application process.

**IDEA for Children with Disabilities ages 3-22 in the school system**

If the child is in school, IDEA specifies that assistive technology is any “item, piece of equipment of product system, whether acquired commercially off the shelf, modified or customized, that is used to increase, maintain or improve functional capabilities of individuals with disabilities” Assistive technology devices and services are to be made “available to a child with a disability if required as part of the child's special education, related services, or supplemental aids and services.”

Centers for Independent Living (CIL)

What are Centers for Independent Living (CILs)?

CILs are non-residential, private, non-profit, consumer-controlled, community-based organizations providing services and advocacy by and for persons with all types of disabilities. CILs are unique as they provide peer based services, where the staff and board of directors are made of at least 51% people with disabilities. CIL’s believe that people with disabilities know what’s best for people with disabilities. The goal is to assist individuals with disabilities achieve their maximum potential.

What services do CILs offer?

CILs work to assure physical and programmatic access to housing, attendant services, employment, transportation, communities, recreational facilities, health and other social services. CILs offer services including: information and referral, peer counseling, advocacy, independent living and self-help skills, information about other disability programs and how to access services.

Hart-Supported Living Program

What is Hart-Supported Living?

The Hart-Supported Living program is for Kentuckians with disabilities to request grants so they can live in, contribute to and participate in their communities. Any Kentuckian with a disability recognized under the Americans with Disabilities Act (ADA) is eligible to apply for a Hart-Supported Living grant. The program is administered through the Department for Aging and Independent Living (DAIL). Supported Living allows people with all disabilities to request funds for a broad category of highly flexible, individualized services, combined with natural unpaid or other eligible paid supports. Funded grants may include, but are not limited to, homemaker services, personal care services, in home training and home management support, start-up grants, transportation, home modifications, adaptive and therapeutic equipment. Grants may be one-time, i.e., bathroom modification or on-going or both. The Funding Teams will look at other sources you have applied to for possible assistance.

Do I qualify?

You (and your family, friends, and the people who support you) should consider applying for a Hart-Supported Living grant if:

- You want to live in a home of your choice that is typical of the homes where people without disabilities live.
- You want to participate in your community with all members of the community and your grant request contributes to your “overall plan” to live with supports in the community.
- You want to decide for yourself what supports and services you need to live in the community.
- You want to arrange for and manage your own supports, with help, when appropriate from friends, family, guardian or professionals.

How can I apply for Supported Living Services?

Contact your Regional Supported Living Coordinator for an application. It may be helpful if you ask your Regional Supported Living Coordinator to assist in completing your application. Each application is scored by a Team according to “urgency of need.” Applications must be received by April 1st in the office of Regional Hart-Supported Living Coordinator for funding for the upcoming fiscal year, beginning July 1st. Each region of the state is not allocated the same amount of funds, though the amount is based on disability statistics in that region.

How can I learn more?

Phone: (502) 564-6930 and ask for the Hart-Supported Living Coordinator
Fax: (502) 564-4595

For more information and a list of Regional Hart-Supported Living Coordinators, visit the Kentucky Hart-Supported Living Website: www.chfs.ky.gov/dail/hartsupportedliving.htm
Home and Community-Based Waiver (HCB Waiver)

What is the HCB Waiver?

The Home and Community-Based Waiver program provides Medicaid coverage to eligible persons who are aged or disabled, who would otherwise require nursing facility level of care. Services include but are not limited to the following: assessment and reassessment, case management, homemaker services, personal care services, respite care, minor home adaptations, attendant care, and adult day health care.

Do I qualify for this service?

If you receive Medicaid and meet the nursing facility level of care, you qualify for this program (if not previously eligible, qualifying for HCB may enable you to become eligible for Medicaid). Some families choose to pay for the first month of HCB. The second month of service eligibility is determined by the financial eligibility of the individual instead of the family. A physician must certify that without these services, the physician would order nursing facility care. There is no age requirement for the HCB Waiver.

How can I apply for the HCB Waiver?

Your local Community Mental Health Center may have a listing of Home Health Agencies that are HCB providers in your area. Local Community Mental Health Centers are listed in the Additional Resources section of this manual.

Or contact the Medicaid Division of Community Alternatives, Home & Community Based Services Branch:
(502) 564-5707
TTY: (800) 372-2973

Website: www.chfs.ky.gov/dms/hcb.htm
Homecare Program

Provided through the Department for Aging and Independent Living

What is the Homecare Program?

The Homecare Program helps older adults who are at risk of institutional care to remain in their own homes by providing supports and services to ensure daily needs are provided. This is accomplished primarily by coordinating the help of caregivers and provider agencies.

Assessment and case management, home management and personal care, home delivered meals, chore services, home repair, respite for family caregivers, and home health aide service are among the assistance provided.

The program is offered statewide through the Area Agencies on Aging and Independent Living. Some areas may have waiting lists and not all services are provided in all areas.

Do I qualify for this resource?

• You must be 60 or older and unable to perform two activities of daily living or three instrumental activities of daily living.
• You must be at risk of going to an institution OR you must be in an institution, but would able to return to a private home environment if needed services are provided.

How do I apply?

You may request an application from the Office of Aging Services in Frankfort by calling (502) 564-6930 or you may contact your local Area Agency of Aging and Independent Living to see if there is a program in your area. www.chfs.ky.gov/dail/AreaAgenciesonAging.htm

KY TRANSITIONS (Money Follows the Person Demonstration Grant)

What is KY Transitions?
Using funding from the Money Follows the Person Demonstration Grant, the Department for Medicaid Services assists eligible individuals to transition from institutional settings back into the community. This program, under a contract with the KY Housing Corporation, allows for flexibility in the individual’s choice over the location and the type of services the person receives as his or her needs and preferences change. On day 366, after you have been approved for KY Transitions, your services will be provided through one of the appropriate existing waiver programs (ABI, HSBW or SCL).

Do I qualify for KY Transitions?
• Must be in an institution for 90 consecutive days
• Must meet existing Medicaid eligibility requirements
• Must be receiving services paid by Medicaid for at least the day prior to being transferred to the program
• Must meet nursing facility or Intermediate Care Facility – Intellectual Disability (ICF-ID) level of care.

How do I apply for KY Transitions?
You may call: (502) 564-0330 or toll free (877) 564-0330 or you may find staff person’s email on the KY Transitions website.

Or you may write to:
Kentucky Department for Medicaid Services

Michelle P. Waiver

What is the Michelle P. Waiver?

In 2002, some people with developmental disabilities sued the Commonwealth of Kentucky because the state didn’t provide enough help for them to live in the community instead of an institution. Kentucky finally agreed to provide extra services and settled the suit. It then created the Michelle P. Waiver, a Medicaid program that helps people live in the community, or go back to the community after living in an institution. The Michelle P. Waiver is for anyone with an intellectual or a developmental disability who is eligible to receive services at an ICF/ID (Intermediate Care Facility – Intellectual Disability), like Oakwood, Hazelwood, or Cedar Lake Lodge. To get the waiver, you must also have a Medicaid card or be eligible for one. Both children and adults can qualify. In the case of a child, the parents’ income may be exempted.

What services are provided through the Michelle P. Waiver?

- Case Management
- Supported Employment *
- Homemaker *
- Attendant Care *
- Personal Care *
- Behavioral Supports *
- Respite
- Assessment/Reassessment
- Adult Day Health *
- Occupational Therapy *
- Adult Day Training *
- Physical Therapy *
- Environmental and Minor Home Adaptations
- Speech Therapy *
- Community Living Supports *

*Services with an asterisk are limited to 40 hours a week altogether.

After June 1, 2013, therapy services are NOT provided under the MPW program for members under the age of 21. The Early Periodic Screen, Diagnosis and Treatment Special Services (EPSDT) Program now provides therapy for persons under 21.

A case manager or support broker will help you decide the services you need. There are no residential services with the Waiver. It was designed to help people who live in their own homes or a family member’s home, but who need help to continue living in the community.

Who provides the services?

Once you receive the Waiver, you can get services from any Supported Community Living (SCL) or Home and Community Based Waiver (HCBW) approved agency. You can even hire someone you know to provide some of the services through the Consumer-Directed Option.

How do I apply?

To apply, contact your local Community Mental Health Center. The Center will provide an assessment to determine if you are eligible. You can find your Center by visiting www.chfs.ky.gov/dms/mpw.htm or by calling (502) 564-4527. When you apply for yourself or your child, be sure to ask to be added to the SCL waiting list.

How can I learn more?

Call the Division of Community Alternative at 502-564-1647 or visit the Michelle P. Waiver website: http://chfs.ky.gov/dms/mpw.htm
Personal Care Attendant Program

What is the Personal Care Attendant Program?

Attendant services are provided for people 18 and older with functional loss of two or more limbs and who have the ability to hire and supervise an attendant. Services include assistance with personal care, housekeeping, shopping, travel, self-care procedures, meal preparation, and other daily activities. State and local funds are used by local organizations to provide services and programs that help maintain older persons in their own homes. Please contact the Department of Aging and Independent Living to determine whether or not there is a waiting list for services.

Do I qualify?

• Must be 18 years of age or older
• Must have a severe physical disability with permanent or temporary recurring functional loss of two or more limbs
• Must need at least 14, but no more than 40, hours of personal care attendant services per week
• Must be mentally capable of instructing and supervising attendants
• Must be able to prepare attendant payroll reports and employer tax statements.

How can I apply for these services?

Contact the Office of Aging Services, Cabinet for Health Services:

Department for Aging and Independent Living
Personal Care Attendant Program
275 E Main St., 3E-E
Frankfort, KY 40621

Phone: (502) 564-6930 Ext 3477

Supports for Community Living (SCL)

What is the Supports for Community Living Waiver Program?

New Regulatory Changes (907 KAR 12:010)

SCL provides services to individuals with intellectual disabilities that enable them to live in the home or in the community rather than in an institution. In 2014, during the month of their next birthday, current SCL waiver participants will transition to the new SCL waiver program (SCL2) guidelines and be governed by the Administrative Regulation cited above. This will happen throughout 2014 for all participants.

People who qualify for the SCL waiver can decide whether to manage their supports through an agency provider (traditional), manage qualified services themselves (Participant Directed Services) or through a blended approach. All participants must have a Case Manager who will assist them in developing a Person-Centered Plan of Care. This plan includes developing a vision for their life that addresses what is important to them, as well as what is important to be healthy and safe. Supports and services can assist the individual to live, work and participate meaningfully in the community.

How can I apply for SCL?

The first step is to complete an application form. You can get an application form by calling your local Community Mental Health Center or by visiting this website.

http://chfs.ky.gov/dms/scl.htm

There is an extensive waiting list for the SCL waiver. Depending on the person’s needs and living situation, the individual will be placed on one of three levels – emergency, urgent or futures planning. To be added to the list, people must complete a MAP 620, which can be found on the website listed above.

Do I qualify for SCL?

• Must have an intellectual disability occurring before age 18 and affecting at least 2 areas of Activities of Daily Living
• Must meet Medicaid requirements
• Must be eligible to receive services at an ICF/ID facility, such as Oakwood, Hazelwood, or Cedar Lake Lodge

How can I learn more?

Phone: (502) 564-7702
TTY: (502) 564-5777

Participant Directed Services (PDS)

What are Participant Directed Services (PDS)?

(Formerly Called Consumer Directed Option affecting Supports for Community Living (SCL) Waiver)

The Participant Directed Service (PDS) gives Medicaid SCL waiver members the capacity to hire and fire caregivers based on a budget established in the Plan of Care. The following SCL Services may be participant directed:

• Community Access
• Community Guide
• Day Training
• Personal Assistance
• Respite
• Shared Living
• Supported Employment
• Goods and Services
• Natural Supports Training
• Transportation Services
• Vehicle Adaptation Services

Do I qualify for services from Participant Directed Services?

You must be a Medicaid eligible and enrolled in the SCL Waiver

How do I apply?

To find the office of Aging and Independent Living that serves your area:

Supported Employment

What is Supported Employment?

Kentucky has over 80 entities that provide supported employment. Some are free standing agencies that only provide supported employment. Others provide other services in addition to supported employment. When seeking supported employment, you may begin by talking with supported employment providers (KY Supported Employment Provider List). Alternatively, your first step may be contacting the Office of Vocational Rehabilitation (OVR) where your OVR eligibility will be determined and referrals made to supported employment providers. Regardless, it's important to interview supported employment providers to learn about their ways of approaching employment services. As is true for all types of services, there is a significant range of quality.

Do I qualify for Supported Employment services?

The Kentucky Office of Vocational Rehabilitation determines OVR eligibility for supported employment services, and then makes referrals to supported employment providers. To find contact information for regional OVR offices, visit: http://ovr.ky.gov/programservices/district.htm.

As long as you're found eligible by the OVR for supported employment, OVR pays the initial costs including Person Centered Job Selection, Job Planning Meetings, Job Development, Job Analysis, Job Negotiation, and supporting your learning and becoming established in the job. Then the Supported Employment Providers have a variety of ways of paying for long-term support services including problem solving on the job, and promoting job advancements. You may either contact OVR first, or you may begin by talking with Supported Employment Providers who will connect you with OVR to determine eligibility.

How can I apply for these services?

Call the Kentucky Office of Vocational Rehabilitation in Frankfort at (800) 372-7172 or (502) 564-4440.

What can I expect during this phone call?

• An appointment will be made for you to meet with a counselor
• You will apply for OVR services, specifying Supported Employment
• You can also access a list of service providers by calling the number above.

How can I learn more?

Supported Employment websites:

www.ovr.ky.gov/programservices/se

Vocational Rehabilitation (Voc Rehab)

What is Voc Rehab?
The Kentucky Office of Vocational Rehabilitation assists Kentuckians with disabilities to achieve suitable employment and independence. The office employs approximately 140 rehabilitation counselors in over 50 offices covering all 120 counties in Kentucky.

Do I qualify for Voc Rehab services?

• You must require Vocational Rehabilitation services in order to attain your employment goals
• If you receive Social Security disability benefits, you are considered to be an individual with a significant disability and are presumed to be eligible for services
• Your impairment must result in a substantial impediment to employment
• It is not necessary to receive SSI to qualify for this program
• You must be of employable age by completion of rehabilitation.

What Services does Voc Rehab provide?

• Assessment for determining eligibility and needs
• Counseling and guidance
• Vocational and training services
• Supported employment
• Personal Assistant Services
• Interpreter and note taking
• Telecommunications, sensory and other technical aides
• Job placement and job retention services
• Employment follow-up and post-employment services.

How can I apply for Voc Rehab?

See the Directory at http://ovr.ky.gov/programservices/district.htm to contact the office nearest you or call (800) 372-7172 (V/TTY) for more information.

Office of Vocational Rehabilitation Central Office

Voice: (502) 564-4440
(800) 372-7172 (in Kentucky)
(TTY) (888) 420-9874

What can I expect during this phone call?
An appointment will be made for you to meet with a counselor. Your eligibility will be determined within 60 days of your application.

How can I learn more?
Vocational Rehabilitation website: www.ovr.ky.gov
Social Security Disability Income (SSDI)

**What is SSDI?**

Social Security pays disability benefits to you and certain members of your family if you have worked long enough and have a medical condition or disability that has prevented you from working or is expected to prevent you from working for at least 12 months or end in death.

**Do I qualify for SSDI?**

Social Security Disability eligibility is determined on having a disability, and SSDI payments are based on your prior work. Your spouse and other dependents may be eligible for SSDI payments based on your work history. Their income may affect their amount of benefits, but their income does not affect the amount that you draw for yourself.

- Eligibility for both SSI and SSDI is possible if SSDI benefit rates are low enough
- If you qualify for SSDI benefits, you will be eligible for Medicare after receiving benefits for two years
- At age 65 your SSDI benefits automatically roll over to Social Security Retirement benefits.

**How can I apply for SSDI?**

You may apply on-line for disability benefits without waiting for an appointment. To apply, visit [www.ssa.gov/applyfordisability/](https://www.ssa.gov/applyfordisability/)

To locate your Social Security office, visit [https://secure.ssa.gov/ICON/main.jsp](https://secure.ssa.gov/ICON/main.jsp)

You may call the Social Security Administration (SSA) office to schedule an appointment at your local office or to ask questions.

Phone: (800) 772-1213.

**How can I learn more?**

Social Security Administration website: [www.ssa.gov](https://www.ssa.gov)
State General Funds

What are State General Funds?

State General Funds are dollars that Community Mental Health Centers can use flexibly. These dollars can fund short-term supports that include but are not limited to respite, crisis intervention, and case management.

Do I qualify and how do I apply?

Due to the flexible nature of these funds, you will need to contact your local Community Mental Health Center to determine if funds are available for the services you need.

Community Mental Health Center listings can be found in the Additional Resources section of this manual.
Supplemental Security Insurance (SSI)

What is SSI?
SSI is a federal income supplement program funded by general tax revenues and not Social Security taxes. It is designed to help aged, blind and individuals with disabilities who have little or no income. SSI provides cash to meet basic needs for food, clothing and shelter.

Do I qualify for SSI?
To receive SSI, you must be 65 or older or blind or disabled
• Children as well as adults can receive benefits
• SSI is based on financial need
• You must be determined disabled by the Social Security Administration Disability Determination Office
• SSI recipients are automatically eligible for Medicaid.

How can I apply for SSI?
Call the Social Security Administration (SSA) office to schedule an appointment at your local office.

Phone: (800) 772-1213 or TTY 1-800-325-0778.

SSI applications are not available online.

Social Security Administration website: www.ssa.gov/pgm/ssi.htm
Traumatic Brain Injury (TBI) Trust Fund

What is TBI?

This program offers flexible, funding and support for people with traumatic brain injuries. The fund supports supplemental community based efforts to meet the special needs of individuals with brain injury.

Do I qualify?

Must have:
• Partial or total disability caused by injury to the brain
• Damage to the brain from physical trauma, lack of oxygen, allergic conditions, toxic substances and other medical incidents
• Impaired cognitive abilities or impaired brain function resulting from allergic conditions, toxic substances, or other acute medical clinical incidents, including damage caused by drug overdoses or alcohol poisoning.
• There are no caps for family income levels used to screen for services.
• There is a benefit limit of $15,000 per individual per year, with a lifetime maximum of $60,000.

Exclusions:
The following services are not covered under this program:
• Medications
• Institutionalizations
• Hospitalization
• Services for anyone who is a hospital, institutional, or incarcerated resident.

How can I apply for TBI?

Accessibility Information

Often, the most immediate issue facing an individual with disabilities is accessibility.

Employment Services

Office of Vocational Rehabilitation
Provides services to individuals with disabilities to prepare for, secure, retain or regain appropriate employment.
Website: www.ovr.ky.gov

KY Cabinet for Workforce Development
Connecting Kentucky to employment, workforce information, education and training.
Website: www.state.ky.us/agencies/wforce

Supported Employment
Assists persons with disabilities to find and maintain employment.
Website: www.ovr.ky.gov/programservices/se/

Assistive Technology
Refers to devices and tools that may be available to persons with disabilities that allow them to participate more fully in the activities of daily life.
Website: www.katsnet.org or www.katlc.ky.gov

Accessible Faith Organizations

Consider the following issues when looking for a place of worship:

• Are the buildings and sanctuary accessible, welcoming and inclusive?
• Are the programs or ministries accessible, welcoming and inclusive?
• Are the fellowship or social activities accessible, welcoming and inclusive?

Here's a link to an example of an inclusion survey that may be used or adapted for use by any faith community: www.pcusa.org/resource/congregational-audit-disability-accessibility-incl/

The resources below are provided as a way of offering ideas, examples, and resources (many free) about inclusive communities of faith. Most of these resources are interfaith or easily adaptable regarding application, although some contain doctrine specific to certain faith traditions.

The American Association of People with Disabilities (AAPD) Interfaith Initiative
www.aapd.com/what-we-do/interfaith/

The Boggs Center on Developmental Disabilities (UCEDD) Faith Based Supports
http://rwjms.rutgers.edu/boggsceneter/projects/faith_based.html

The Bethesda Institute Blog - Spiritual Life
http://bethesdablog.wordpress.com/category/spiritual-life/

Presbyterians for Disability Concerns
www.presbyterianmission.org/ministries/phewa/presbyterians-disability-concerns/

National Catholic Partnership on Disability (NCPD) www.ncpd.org
**Accessible Transportation**

This resource of transportation programs listed by KY counties was developed by the UK Martin School of Business as contracted by a Joint Ad Hoc Council of Consumers, including HDI, Protection and Advocacy and the Commonwealth Council on Developmental Disabilities.

**Kentucky Assistive Technology Loan Corporation**

May offer funds to individuals with disabilities for the purpose of vehicle modifications (van lifts, etc.)

Website: [www.katlc.ky.gov](http://www.katlc.ky.gov)

**Special Services and Equipment Fund**

The State General Fund may have funds available for vehicle modifications or transportation services. The maximum amount that can be approved to an individual is $2,500 per fiscal year.

Contact your local Community Mental Health Center.

**Accessible Education**

Schools cannot discriminate based on disability. If you have a child with a disability and have concerns about educational programs that your child may be entitled to or eligible for, contact your local public school system. If you have concerns about state laws and education, contact:

Kentucky Department of Education
500 Metro Street, 6th Fl. CPT
Frankfort, KY 40601.
(502) 564-2000
Website: [www.education.ky.gov](http://www.education.ky.gov)

If you wish to file a dispute over educational programs that you believe you child is entitled to but does not receive, contact:

Kentucky Protection and Advocacy
100 Fair Oaks Lane, Third Floor
Frankfort, KY 40601
(800) 372-2988; (502) 564-2967 (Voice and TTY); Fax: (502) 564-0848
Website: [www.kypa.net](http://www.kypa.net)

**Visually Impaired Pre-School Services**

Visually Impaired Preschool Services offers appropriate services to infants and preschoolers who are visually impaired or blind and to their families. VIPS also attempts to maximize each child's development potential through direct services, advocacy and community education. VIPS staff includes certified teachers who specialize in early childhood education, visual impairment, orientation & mobility and special education. There is a VIPS preschool facility in Louisville and home services provided out of the Lexington VIPS office.

Louisville: (502) 636-3207 or 888-636-8477
Lexington: (859) 276-0335 or 888-254-8477
[www.vips.org](http://www.vips.org)

**KY School for the Blind**

A K-12 public school serving Kentucky students who are blind and/or visually impaired. Offers short course program (1-12 weeks) of specialized instruction available to students throughout the school year. Summer school is offered in June and July.

502-897-1583

**Special Olympics of Kentucky**  
The Special Olympics is the world’s largest program of year-round sports training and competition for persons with intellectual disabilities. The calendar year is divided into four different sport seasons and during each season, specific sports are offered. Special Olympics Kentucky offers over 15 official sports: alpine skiing, aquatics, basketball, bocce’, bowling, cheerleading, equestrian, flag football, golf, gymnastics, ice skating, powerlifting, snowshoeing, soccer, softball, and track and field. To become involved or to find the program near you, please contact our state office at (800) 633-7403 or visit our website.  
Website: [www.soky.org](http://www.soky.org)

**Accessible Respite Care**

Respite Care consists of short term and temporary mental health or therapeutic home or adult treatment facility care to families with members who have disabilities, so that the caregivers and other family members can take a break from their daily routine of care giving. Respite care can also be offered overnight or for an extended period of time. Respite care helps alleviate the stress and consistent nature of caring for relatives with disabilities. Respite care also helps prevent burnout on behalf of the caregiver and family members. Furthermore, respite care also provides a change of daily schedule for the child, which can help strengthen both the child’s independence and relationships with others. Depending on the organization or volunteer(s), respite caregivers either visit the homes of these families or require visiting an Adult or Child Foster Care home, day care center or a respite group home. “Host families” or exchange programs consist of other families who also have a member with a disability temporarily caring for a friend or neighbor’s child and vice versa.

**Department for Behavioral Health, Developmental and Intellectual Disabilities, Community Mental Health Centers**  
Can arrange respite care services for individuals with developmental disabilities through outpatient services, crisis services and sometimes inpatient care for stabilization.  
100 Fair Oaks Lane 4E-A  
Frankfort, KY  40621-0001  
Website: [http://dbhdid.ky.gov/cmhc/](http://dbhdid.ky.gov/cmhc/)

**KY Centers for Independent Living (see page 18)** make accept information and make referrals for respite services.  

**KY Community Mental Health Centers (see page 45)** may also provide or make referrals for respite services.

**First Steps**  
Kentucky’s Early Intervention System offers respite care for children with developmental delays (aged 0-3 years) who are served by First Steps. The need for respite is determined by the Individualized Family Service Plan. The respite provider would need to be enrolled under the First Steps Respite Program handled by Seven Counties. Emergency respite care referrals would be made to the Cabinet for Health and Family Services’ Division of Protection and Permanency.

Autism Information

National

Autism Society of America
The Autism Society is a national organization that exists to improve the lives of all affected by autism, by increasing public awareness about the day-to-day issues faced by people on the autism disorders spectrum, advocating for appropriate services for individuals across the lifespan, and providing the latest information regarding treatment, education, research and advocacy.
(800) 328-8476 / (301) 657-0881
Website: www.autism-society.org

State

These listings are examples of organizations across the state. This is not meant to be an exhaustive list, and additional resources may be available in certain areas. A list of local ASD-related supported groups can be found at http://www.ket.org/kidshealth/development/pdf/autism_support_groups.pdf

Kentucky Autism Training Center (KATC)
The mission if the Kentucky Autism Training Center is to strengthen our state’s systems of support for persons affected by autism by bridging research to practice and by providing training and resources to families and professionals. In 1966, the KY General Assembly established the KATC to serve as a statewide resource for families and educators. KATC is housed at the University of Louisville’s College of Education and Human Development. Besides having many resources and programming for parents and professionals, families can request a copy of “Kentucky’s Family Guide to Autism Spectrum Disorders (2nd Edition).” Additionally, to increase awareness of currently available resources, the KY Autism Training Center is gathering information about services to create a KY Autism Supports and Provider Services Directory.
Phone (502) 852-4631 or 1-800-334-8635, ext. 852-4631.
Email: ktc@louisville.edu

Autism Society of the Bluegrass (ASBG)
The Autism Society of the Bluegrass is a resource and support group for families and professionals in the Central Kentucky area who are involved with autism. A chapter of the Autism Society of America and a 501 (c) (3) non-profit organization, ASBG provides education as well as scholarships for members to obtain continuing autism-related education.
