

A HANDBOOK OF PROGRAM DESCRIPTIONS,
ELIGIBILITY CRITERIA, AND CONTACT INFORMATION

KENTUCKY DISABILITY
RESOURCE
MANUAL

Offered by the Human Development Institute
at the University of Kentucky
for persons with disabilities, their families,
and service providers in Kentucky.

PURPOSE STATEMENT

This manual was designed primarily for use by individuals with developmental disabilities and related conditions. We hope that it is also useful for families, as well as service coordinators and providers who directly assist families and individuals with developmental disabilities.

The focus of this manual is to provide easy-to-read information concerning available resources, and to provide immediate contact information for the purpose of applying for resources and/or locating additional information. In many cases, we took definitions and eligibility for services directly from the agency websites that offer these programs.

You may notice that many of the resources listed in this manual are directly linked to regional Community Mental Health Centers. Often, and especially with children under the age of three and for adults, a local Community Mental Health Center will be the point of entry for an individual to gain access to many programs and services. For school-aged children and adolescents, the most direct route to services is often through the local public school system.

This product is the hard-copy version of the Disability Resource Manual created by the Human Development Institute. An online version of this manual with a site search engine is also available at www.hdi.uky.edu. This website has been tested for web accessibility and is accessible to screen readers. Alternate formats of this manual are available upon request.

The list of resources provided within this manual is not meant to be exhaustive. The purpose is to focus on resources available to individuals with developmental disabilities, though other related resources have been included. If you are aware of additional resources that are available and that should be included, we invite you to contact us regarding future editions of this manual.

Thank you.

The Commission for Children with Special Health Care Needs (CCSHCN)

What is the CCSHCN?

Clinics offered through CCSHCN provide a family centered multidisciplinary approach to care. During each visit, children and families have access to nutritional services, social services, care coordination through a registered nurse, and specialty physicians. Physical and occupational therapies are included for clinics serving children with orthopedic conditions and cerebral palsy. Speech therapy is available for children with hearing loss or other conditions that affect speech and language development. Clinics that treat complex conditions offer the services of multiple physicians who provide a team approach to the management of these complex conditions.

Does my child qualify for services from CCSHCN?

- Your child must be a resident of Kentucky
- Your child must be under the age of 21 years (exception: adults with Hemophilia may also qualify)
- Your child must have a condition usually responsive to medical treatment provided by our program
- You must meet financial guidelines

How do I apply?

There are 12 offices across the state. To find the regional office that serves your area:

Commission for Children with Special Health Care Needs
310 Whittington Parkway, Suite 200
Louisville, KY 40222

(502) 429-4430
(800) 232-1160
Fax: (502) 429-4489

Early Periodic Screening Diagnostic and Treatment Special Services (EPSDT)

What is EPSDT?

The Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit provides comprehensive and preventive health care services for children under age 21 who are enrolled in Medicaid. EPSDT is key to ensuring that children and adolescents receive appropriate preventive, dental, mental health, developmental and specialty services.

EPSDT provides routine comprehensive well-child check-ups for children eligible for Medicaid or the Kentucky Children's Health Insurance Program (KCHIP) at specified ages. In addition, the EPSDT benefit covers all federally allowable Medicaid services, even if they are not usually covered in Kentucky's Medicaid benefit package. These expanded treatment services are covered for individual Medicaid-eligible children based on individual medical necessity, and must be prior authorized by the child's managed care organization (MCO) or by the Department for Medicaid Services for children not served through an MCO.

Does my child qualify?

- Any child under age 21 who is eligible for Medicaid is eligible for the EPSDT benefit.

How can I apply for EPSDT services?

Contact your child's usual primary health care provider to request well-child check-ups. If you believe your child needs expanded treatment services not usually covered by Kentucky Medicaid, discuss his/her needs with your health care provider who is enrolled to deliver services through Medicaid. The provider may contact your child's MCO or the Department for Medicaid Services to request prior authorization for these expanded services. If the request for the services is denied, you will receive a letter explaining why the service was denied and the appeal process.

How can I learn more?

Call the Department of Medicaid Services, Children's Health Services Phone: (800) 635-2570

EPSDT: www.chfs.ky.gov/dms/epsdt.htm

www.medicaid.gov/Medicaid-CHIP-Program-Information/By-Topics/Benefits/Early-and-Periodic-Screening-Diagnostic-and-Treatment.html.

How does one become a service provider?

Providers must enroll to participate in Kentucky Medicaid. They may either contact a Medicaid MCO, visit www.chfs.ky.gov/dms/provEnr/, or call Medicaid Provider Enrollment at (877) 838-5085.

First Steps

What is First Steps?

First Steps is an early intervention program administered by the Department of Public Health, KY Cabinet for Health and Family Services. First Steps serves children from birth to age three who have a significant developmental delay or a physical or mental condition likely to cause a delay in development. First Steps offers comprehensive services to children and their families through a variety of community agencies and service disciplines. These intervention services are provided in the child's natural environment (home, daycare, or community).

Does my child qualify?

- Child must be younger than age 3
- Child must have a significant developmental delay or disability OR an established risk condition (Down syndrome, spina bifida, cerebral palsy, etc.) likely to result in a delay.

Areas of concern in child development

- Communication
- Motor Skills
- Cognitive Development
- Social and Emotional Skills
- Adaptive or Self-Help Skills

If you have a concern about your child in any of the areas listed above, you can apply for the First Steps program, regardless of your income. An evaluation of your child's development will be available. Children who qualify will have an Individual Family Services Plan (IFSP) developed, based on the family's key goals for their child's development.

Is there a cost?

Evaluations, assessments and screenings are free to all families. Once determined eligible for the program, the family will be assigned a family-share participation fee, ranging from 0 - \$100 per month. This fee is based on household income and size. Families having Medicaid will not receive any family share or billing. If the family has insurance, First Steps will attempt billing for early intervention with parents' consent. The family will then not be responsible for co-pays. Families who do not consent to insurance billing will receive only the free services of screening, assessment, evaluation, IFSP development, and procedural safeguards.

How do I apply?

Contact the First Steps Program: (877)417-8377 or TTY: (502) 564-5777.
You will then be directed to your local point of entry office.

HANDS Program

What is the HANDS Program?

HANDS is a voluntary home visit program for new and expectant parents. The goal of HANDS is to support parents through pregnancy and their child's early life by educating them to be self-sufficient, create safe home environments, and develop parenting skills. Parents meet with a HANDS Parent Visitor to discuss questions about the pregnancy or their child's first years. Based on this conversation, all families will receive information about available community resources. Some families will receive further support in the form of home visits.

Does my child or family qualify?

- Child must be less than 3 months old.
- First time mothers and fathers who live in Kentucky can request an initial visit.
- Parents who are not first time parents may be eligible for the HANDS Expansion program, if they live in certain counties.

How can I apply for HANDS services for my child?

Contact your local health department for a referral.

Parents may also contact the HANDS Program: (502) 564-3756.
You will then be directed to your local point of entry office.

Affordable Care Act - How It Impacts You

What is the Affordable Care Act?

The Patient Protection and Affordable Care Act (ACA) was enacted in 2010 to provide better, more affordable healthcare to Americans. The ACA requires that health insurance plans include certain basic benefits. The ACA has allowed our state to expand Medicaid, and establish a health insurance marketplace, called kynect (kynect.ky.gov). This means many more Kentuckians will have health insurance. As part of the ACA, individuals without health insurance and who do not have extreme financial hardship, must purchase at least a “bronze” level plan from a healthcare exchange to avoid a financial penalty for not having health insurance.

The Health Care Exchanges (such as Kentucky’s “kynect”) are mostly for people who buy insurance on their own and for people who do not have any health insurance. If you are paying for your own health insurance and the premiums cost more than 9.5% of your income or if the insurance covers less than 60% of your medical expenses, you can still shop for a more affordable and better benefit plan at kynect. You may also qualify for federal tax credits to help you pay for your new premiums.

Tax Credits are only available on health insurance plans purchased through kynect. If you are single and you make less than about \$46,000, or if you are a family of four and you make less than about \$94,000, you may get a tax credit from the government to help pay your premium.

The Affordable Care Act says that most Americans must purchase insurance or pay a penalty. These penalties will be in the form of “fines” when you file your taxes.

Some of the important provisions of the ACA that benefit people with disabilities include:

- Children under 19 can no longer be denied coverage based on preexisting conditions. A pre-existing condition is one that existed before the date you enrolled in health insurance. coverage and can include common conditions such as diabetes, seizures, asthma, and others.
- Adults can no longer be denied coverage on the basis of a pre-existing condition, as well.
- Insurance companies cannot drop your coverage or charge you more on the basis of your disability or other health condition.
- Insurance companies cannot impose lifetime dollar limits on essential benefits.
- You can appeal coverage determinations.
- All new health plans must cover certain preventative services without charging deductibles.
- Coverage is extended so young adults can stay on their parents’ plan until they are 26 (and the coverage for a dependent son or daughter with a disability may be extended beyond the age of 26).
- Habilitation services can include speech/language, physical therapy, and occupational therapy, up to 20 visits per year for each service.

kynect: KY's Marketplace or Health Care Exchange

What is kynect?

Most Americans are required to have health insurance or pay a penalty due to the Affordable Care Act (ACA). "kynect", www.kynect.ky.gov, will provide simple, one-stop shopping for Kentuckians and small businesses to purchase health insurance. kynect will also see if you are eligible for payment assistance and tax credits, as well as Medicaid and the KY Children's Health Insurance Plan (KCHIP).

The exchange allows Kentuckians with and without health insurance to enroll in a plan with benefits during an "open" enrollment time for anyone to obtain insurance. Insurance companies will offer 4 levels of plans: bronze, silver, gold and platinum. The plans and premiums will vary based on the deductible amount, co-pays, and the amount paid by the insurance plan. Individuals without health insurance must purchase at least a "bronze" level plan to avoid a financial penalty. Payment assistance, discounts or tax credits are available if you qualify financially.

As a result of the ACA, health insurance programs must enroll children and adults with pre-existing conditions or disabilities. *No plan in Kentucky will have lifetime spending caps on costs related to chronic or life-threatening conditions.* All health plans "must" cover essential health benefits, including doctor visits, trips to the hospital or emergency room, medicine, and care for pregnant women and children.

You and your adult son or daughter with a disability may be eligible for health coverage through kynect, even if your son or daughter is over 26 or is turning 26 in the next 12 months. In this situation, disability is defined as "unable to stay employed due to intellectual or physical reasons and being dependent upon the insurance policy holder for support and maintenance." kynect recommends that you apply for premium assistance and kynect will contact you when your health coverage application for your son or daughter can be completed.

How can I sign up through kynect?

You may create a paper file, but kynect recommends that you apply on-line or by phone with help from a "kynector" who will guide you through the process of an application. kynect makes it easy to apply online even if you do not have a computer. To apply online, go to www.kynect.ky.gov and create a user name and password. Creating an account will allow your information to be saved, if you cannot complete your application in one sitting. Please read each page carefully and answer the questions to the best of your ability. If you need additional help, kynect allows you to talk via web chat or phone to a Customer Service representative in your area at the numbers below.

How can I learn more?

Customer Service: Monday through Friday - 7:00am – 6:00pm; Saturday - 9:00am – 4:00pm.

Medicaid Expansion (Affordable Care Act Changes)

Effective January 1, 2014, Kentucky became one of 28 states to implement the expansion of Medicaid coverage authorized by the Affordable Care Act (ACA). Under ACA, states have the option to expand Medicaid coverage to individuals with incomes up to 138% of the Federal Poverty Level (FPL). At the end of 2014, the first calendar year of the expansion, Kentucky Medicaid had added 375,175 newly eligible enrollees. The expansion population represents 8.5% of the total state population. Compared to all other states, Kentucky experienced the second largest decrease in its uninsured rate—the Kentucky uninsured rate dropped from 20.4% in 2013 to 11.9% in mid-2014.

Do I qualify?

To be eligible for Medicaid, you:

- Must live in Kentucky
- Must be a U.S. citizen or national (or meet qualified alien status)
- Cannot currently be in prison
- Must provide proof of income

Under the new ACA rules, resources are not counted for family and children Medicaid cases. Traditional Medicaid, such as for the aged, blind and disabled still has an asset test (cash, property, IRA).

If your household

size is this:

1

2

3

4

5

6

7

8

You may be eligible for Medicaid if your income*

is this:

Less than \$16,248

Less than \$21,996

Less than \$27,744

Less than \$33,468

Less than \$39,216

Less than \$44,964

Less than \$50,700

Less than \$56,448

*Income levels are based on the year 2015. Children and pregnant women may still qualify with higher income levels.

How can I apply for Medicaid coverage?

The easiest ways to apply are:

- Go online to www.kynect.ky.gov
- Call (855) 4kynect (459-6328), TTY (855) 326-4654
- Get help from an insurance agent or kynector.
- Go to your local DCBS office.

You can apply by mail or fax, but it takes longer to enroll and get coverage. For a paper application, call (855) 459-6328.

What is kynect?

kynect is an easy way to apply for health insurance. You only need to fill out one application to find out if you can get Medicaid, KCHIP or other health insurance.

You may also be able to get help with your health coverage bills.

- Payment assistance for your monthly health insurance bill
- Special discounts for your doctor visits, co-payments and deductibles.

Additional kynect Medicaid Guides

Kentucky's Healthcare Connection, kynect, will provide individuals, families and small businesses with easy, one-stop shopping to find the healthcare coverage you need if you are not initially eligible for Medicaid's expansion eligibility.

By using kynect, you may receive payment assistance, special discounts or tax credits to help cover the costs of coverage for you, your family or your employees. kynect will allow you to compare and select insurance plans and find out if you qualify for programs like Medicaid or the Kentucky Children's Health Insurance Program.

There is a plan in Kentucky that will also enroll people with pre-existing conditions and no plan in Kentucky will have lifetime spending caps on costs related to chronic or life-threatening conditions.

Kentucky Children's Health Insurance Program (KCHIP)

What is KCHIP?

KCHIP's mission is to provide low cost health insurance coverage to low income, uninsured children younger than 19 in Kentucky. The K-CHIP staff understands that access to health care is very important and that preventive care is a large part of health care. Immunizations, well child checkups, and other preventive services help children get and stay healthy. For example, a family of four can earn up to \$50,801 a year and qualify for KCHIP for their children under 19 years of age.

Due to changes in the Affordable Care Act, effective Jan. 1, 2014, KCHIP eligibility is determined using the Modified Adjusted Gross Income and family size based on the tax filing unit of the household. A family is considered a child or children and the natural, adoptive or step parents residing in a household.

Does my child qualify?

- Must be less than 19 years of age
- Must not be eligible for Medicaid
- Must not have had health insurance for at least six months
- Must not have voluntarily dropped child's insurance within the past 6 months
- Family income must be at or below 213% of the Federal Poverty Line.

How can I apply?

- Download an application at www.kynect.ky.gov. Make sure to print your completed application.
- Apply online through the Kentucky Health Benefit Exchange at www.kynect.ky.gov or call toll-free (855) 4kynect (459-6328) to request an application
- Pick up an application at any local health department, doctors' offices, hospitals, pharmacies or schools.
- Request an application packet at kynect.ky.gov

For help completing an application, call (855) 4kynect (855-459-6328).

If you prefer, visit your local Department for Community Based Services Office to apply for KCHIP. Be sure to take all required information and documentation with you.

Medicare

What is Medicare?

Medicare is the nation's largest health insurance program. Medicare covers more than 39 million Americans 65 or over, some people with disabilities under 65, and people of all ages who have End State Renal Disease or Amyotrophic Lateral Sclerosis (ALS).

Medicare has two major parts:

- Part A (Hospital Insurance) - Most people do not have to pay for Part A
- Part B (Medical Insurance) - Most people pay monthly for Part B

Do I qualify for Medicare?

- Must be a citizen or permanent resident of the United States;
- Must be 65 years of age and older OR
- You or your spouse must have worked for at least 10 years in Medicare-covered employment
- Be under 65 with Amyotrophic Lateral Sclerosis (ALS) OR with End Stage Renal Disease OR
- Have received Social Security or Railroad Retirement disability for 24 months.

If you are not a U.S. citizen or a lawfully admitted alien who has lived in the U.S. continuously for a five-year period, please contact the Social Security Administration at (800) 772-1213 for your Medicare enrollment and eligibility.

How can I apply for Medicare coverage?

- If you are not yet 65 and already getting Social Security or Railroad Retirement Board benefits, you do not have to apply for Medicare.
- If you are disabled and have been receiving disability benefits under Social Security or Railroad Retirement Board for 24 months, you will be automatically enrolled in Part A and Part B beginning the 25th month of benefits.
- If you are not receiving Social Security or Railroad Retirement Board benefits, you must apply for Medicare Part A and Part B. You can apply by contacting the Social Security Administration (or Railroad Retirement Board).
- You should apply three months before the month you turn 65.

What is the impact of the Affordable Care Act on Medicare?

The Medicare benefits you currently receive will remain the same. Medicare will continue to cover your health costs the way it has with no changes in eligibility. If you need help with your Medicare coverage, visit the federal Medicare website or call 1-800-MEDICARE. One improvement is that if you're in the donut hole, you'll also get a 55% discount when buying Part D-covered brand-name prescription drugs. The discount is applied automatically at your pharmacy—you do not have to do anything to get it. The donut hole will be closed by 2020. Medicare now covers certain preventive services, like mammograms or colonoscopies, without charging you for the Part B coinsurance or deductible. You also can get a free yearly wellness visit.

KATS Network and Regional AT Centers

What is Assistive Technology?

Assistive technology (AT) is devices and tools to help people with disabilities participate more fully in the activities of daily living. Assistive technology can be funded through school systems, private insurance, public funding, loans, and other private sources.

How can I apply for Assistive Technology?

Assistive technology may be provided through several agencies, each with its own application process. In Kentucky, the KATS Network helps connect people with disabilities to assistive technology.

IDEA for Children with Disabilities ages 3-21 in the school system

If the child is in school, IDEA specifies that assistive technology is any “item, piece of equipment of product system, whether acquired commercially off the shelf, modified or customized, that is used to increase, maintain or improve functional capabilities of individuals with disabilities” Assistive technology devices and services are to be made “available to a child with a disability if required as part of the child’s special education, related services, or supplemental aids and services.”

Contact your child’s IEP Coordinator or the KY Department of Education

Kentucky Assistive Technology Loan Corporation (KATLC)

What is the KATLC?

The Kentucky Assistive Technology Loan Corporation (KATLC) is a program that provides low interest loans to Kentuckians with disabilities for assistive technology to improve their independence or quality of life. The KATLC Board of Directors manages the loan program. Loans amounts range from \$500 - \$25,000. The loan program is operated jointly with Fifth Third Bank, Inc.

Do I qualify for services from KATLC funding?

- You must be a Kentucky resident for at least six months
- You have a disability that permanently affects a major life activity, are a parent/guardian of a person with a disability, or are a non-profit organization serving people with disabilities
- You must be able to repay the loan
- You are requesting a loan to purchase assistive technology

How can I apply for KATLC funding?

The KY Assistive Technology Loan Corporation offers low interest loans for qualified applicants with disabilities who need assistive technology. Non-profit organizations that provide AT to people with disabilities can also apply. The application for funding is available online, or call KATLC at the toll-free number below.

KY AgrAbility

What is Kentucky AgrAbility?

Kentucky AgrAbility is a project of the U.S. Department of Agriculture that serves rural Kentuckians with disabilities. AgrAbility provides education and expertise around assistive technology in agriculture. The project helps farmers, farm workers, agricultural businesses and families with disabilities statewide. Kentucky AgrAbility will provide on-site ideas for modifying tools, equipment, or practices. Recommendations can also be made to help make farm buildings and homes more accessible. In Kentucky, AgrAbility also helps farmers with disabilities network to share their ideas and provide peer support.

Education & Students with Disabilities

What is IDEA?

The Individuals with Disabilities Education Act (IDEA) is the federal law that provides services for children whose disability negatively affects their educational performance and/or ability to benefit from the general education. For school-aged children and youth (age 3 to 21), supplemental education and related services are provided through the public school system. A written Individualized Education Program (IEP) is required with specific content about services to be provided.

Does my child qualify for special education?

- Must be between age 3 and 21
- Must receive an evaluation to gather relevant functional and developmental information
- Must meet one of the disability categories identified in IDEA
 - autism
 - deaf-blindness
 - deafness
 - emotional disturbance
 - hearing impairment
 - intellectual disability
 - multiple disabilities
 - orthopedic impairment
 - other health impairment
 - specific learning disability
 - speech or language impairment
 - traumatic brain injury, or
 - visual impairment
- Schools may also use the term “developmental delay” for children aged 3 through 9. (in Kentucky, the category of developmental delay can be used up to a child’s 9th birthday; at age 9, the child would have to qualify under one of the other IDEA categories to continue to receive services)

How can I apply for services?

- Schools are required to provide a full evaluation
- Written parent or guardian consent is required before the initial evaluation
- Parents may request an Independent Educational Evaluation if the parent or guardian disagrees with the school’s evaluation

Transition

What is Transition?

Transition is the “exit” out of a child’s secondary school to the adult world. The Individuals with Disabilities Education Act (IDEA) requires that children with disabilities have access to a free appropriate public education (FAPE) that prepares them for further education, employment, and independent living. One strategy for ensuring a successful transition, is planning.

As part of IDEA, schools are required to provide transition planning to help the student identify interests, strengths, preferences and needs. Transition planning also means identifying possible post-school activities, including postsecondary education, vocational education, integrated employment, continuing and adult education, adult services, independent living, and/or community participation.

Transition is also developing a coordinated set of activities for a student that will help him or her to achieve those goals. Transition services include: instruction, related services, community experiences, and development of employment and adult living objectives.

How can I apply for transition services?

IDEA states that the student’s school must begin transition planning, as part of the Individual Education Program (IEP) by age 16. Measurable post-school goals must be identified along with the transition services and courses needed to reach those goals. Your son or daughter should be an active partner in planning for transition.

In Kentucky, transition planning must start even earlier – by your’ child’s eight grade year or by age 14. Transition planning for students starting at age 14 should focus on the student’s IEP as it relates to his or her course of study.

Higher Education

What is Higher Education?

Higher education in Kentucky consists of a variety of colleges and universities, along with the Kentucky Community and Technical College System. Students seek higher education for many different reasons, but one of the biggest reasons is because students who take part in higher education can earn more money than those with a high school education.

How can I apply for higher education?

The first step is to have a plan in place to make the transition into higher education, and to decide on the school(s) of interest. Each college has its own admissions criteria and timelines.

Contact your child's IEP Coordinator or the KY Department of Education

KY Department of Education (KDE)

Division of Learning Services

502-564-4970

What services are available in higher education?

There are some differences in services in higher education from high school. Students must meet eligibility criteria of the college.

KDE's transition web page contains valuable links on postsecondary education resources.

Supported Higher Education

What is Supported Higher Education?

Supported Higher Education in Kentucky is provided at several colleges and universities around the state. Supported higher education provides a way for students with intellectual disabilities to continue their education past high school, like their peers without disabilities. The Higher Education Opportunities Act of 2008 provides guidelines that gives students with intellectual disabilities access to Federal financial aid, including Pell grants and work-study, when they enroll in a Comprehensive Transition Program (CTP). The Kentucky legislature unanimously passed legislation enabling students in CTPs to access Kentucky Educational Excellence Scholarship (KEES) funds. Currently, students can access up to \$250 KEES funds a semester.

In Kentucky, there are currently three CTPs at Murray State University, Spalding University, and Bluegrass Community and Technical College. The Supported Higher Education Project (SHEP) at the University of Kentucky provides assistance to potential students and schools.

Acquired Brain Injury (ABI) Waiver

What is the ABI Waiver Program?

This program is designed to provide intensive services and supports to adults with acquired brain injuries as they work to re-enter community life. Services include case management, personal care, companion services, respite care, environmental modifications, behavior programming, counseling and training, structured day programs, specialized medical equipment and supplies, prevocational services, supported employment, occupational therapy, community residential services, and speech and language services. Services can only be provided in community settings.

Do I qualify for ABI?

You Must:

- Have an acquired brain injury
- Be at least 18 years old
- Meet nursing facility level of care
- Be expected to benefit from waiver services
- Be financially eligible for Medicaid services

How do I apply for ABI?

You may go the website to locate the application forms. You may also call for further information: (502) 564-5198 or (866) 878-2626.

Or you may write:

Acquired Brain Injury Branch
275 E. Main Street, 6W-B
Frankfort, KY 40621

How can I learn more about ABI?

ABI: www.chfs.ky.gov/dms/Acquired+Brain+Injury.htm

Acquired Brain Injury (ABI) Long-term Care Waiver

What is the ABI Long-term Care Waiver Program?

The Acquired Brain Injury Long Term Care Waiver program provides an alternative to institutional care for individuals who have reached a plateau in their rehabilitation level and require maintenance services to avoid institutionalization and to live safely in the community. Services include case management, community living supports, respite care, adult day health care, adult day training, environmental modifications, behavior programming, counseling, group counseling, specialized medical equipment and supplies, supported employment, occupational therapy, speech therapy, nursing supports, family training, physical therapy, assessment and reassessment, and supervised residential care.

Do I qualify for ABI?

You Must:

- Be at least 18 years of age
- Meet nursing facility level of care
- Have a primary diagnosis of an acquired brain injury which necessitates supervision, rehabilitative services and long term supports
- Be financially eligible for Medicaid services.

How do I apply for ABI?

You may go the website to complete the application forms or call for applications:
(502) 564-5198 or (866) 878-2626

Centers for Independent Living (CILS)

What are Centers for Independent Living (CILS)?

CILs are non-residential, private, non-profit, consumer-controlled, community-based organizations providing services and advocacy by and for persons with all types of disabilities. CILs are unique as they provide peer based services, where the staff and board of directors are made of at least 51% people with disabilities. CIL's believe that people with disabilities know what is best for people with disabilities. The goal is to assist individuals with disabilities achieve their maximum potential

What services do CILs offer?

CILs work to assure physical and programmatic access to housing, attendant services, employment, transportation, communities, recreational facilities, health and other social services. CILs offer services including: information and referral, peer counseling, advocacy, independent living and self-help skills, information about other disability programs and how to access services.

Hart-Supported Living Program

What is Hart-Supported Living?

The Hart-Supported Living program is for Kentuckians with disabilities to request grants so they can live in, contribute to and participate in their communities. Any Kentuckian with a disability recognized under the Americans with Disabilities Act (ADA) is eligible to apply for a Hart-Supported Living grant. The program is administered through the Department for Aging and Independent Living (DAIL). Supported Living allows people with all disabilities to request funds for a broad category of highly flexible, individualized services, combined with natural unpaid or other eligible paid supports. Funded grants may include, but are not limited to, homemaker services, personal care services, in home training and home management support, start-up grants, transportation, home modifications, adaptive and therapeutic equipment. Grants may be one-time, i.e., bathroom modification or ongoing or both. The Funding Teams will look at other sources you have applied to for possible assistance.

Do I qualify?

You (and your family, friends, and the people who support you) should consider applying for a Hart-Supported Living grant if:

- You want to live in a home of your choice that is typical of the homes where people without disabilities live.
- You want to participate in your community with all members of the community and your grant request contributes to your “overall plan” to live with supports in the community.
- You want to decide for yourself what supports and services you need to live in the community.
- You want to arrange for and manage your own supports, with help, when appropriate from friends, family, guardian or professionals.

How can I apply for Supported Living Services?

Contact your Regional Supported Living Coordinator for an application. It may be helpful if you ask your Regional Supported Living Coordinator to assist in completing your application. Each application is scored by a Team according to “urgency of need.” Applications must be received by April 1 in the office of Regional Hart-Supported Living Coordinator for funding for the upcoming fiscal year, beginning July 1. Each region of the state is not allocated the same amount of funds, though the amount is based on disability statistics in that region.

How can I learn more?

Hart-Supported Living Coordinator: (502) 564-6930 Fax: (502) -564-4595

Kentucky Hart-Supported Living: www.chfs.ky.gov/dail/hartsupportedliving.htm

Home and Community-Based Waiver (HCB Waiver)

What is the HCB Waiver?

The Home and Community-Based Waiver program provides Medicaid coverage to eligible persons who are aged or disabled, who would otherwise require nursing facility level of care. Services include but are not limited to the following: assessment and reassessment, case management, homemaker services, personal care services, respite care, minor home adaptations, attendant care, and adult day health care.

Do I qualify for this service?

If you receive Medicaid and meet the nursing facility level of care, you qualify for this program (if not previously eligible, qualifying for HCB may enable you to become eligible for Medicaid). Some families choose to pay for the first month of HCB. The second month of service eligibility is determined by the financial eligibility of the individual instead of the family. A physician must certify that without these services, the physician would order nursing facility care. There is no age requirement for the HCB Waiver.

How can I apply for the HCB Waiver?

Your local Community Mental Health Center may have a listing of Home Health Agencies that are HCB providers in your area. Local Community Mental Health Centers are listed in the *Additional Resources* section of this manual.

Or contact the Medicaid Division of Community Alternatives, Home & Community Based Services Branch:

HCB: www.chfs.ky.gov/dms/hcb.htm

Homecare Program

Provided through the Department for Aging and Independent Living

What is the Homecare Program?

The Homecare Program helps older adults who are at risk of institutional care to remain in their own homes by providing supports and services to ensure daily needs are provided. This is accomplished primarily by coordinating the help of caregivers and provider agencies.

Assessment and case management, home management and personal care, home delivered meals, chore services, home repair, respite for family caregivers, and home health aide service are among the assistance provided.

The program is offered statewide through the Area Agencies on Aging and Independent Living. Some areas may have waiting lists and not all services are provided in all areas.

Do I qualify for this resource?

- You must be 60 or older and unable to perform two activities of daily living or three instrumental activities of daily living.
- You must be at risk of going to an institution OR you must be in an institution, but would be able to return to a private home environment if needed services are provided.

How do I apply?

You may request an application from the Office of Aging Services in Frankfort by calling (502) 564-6930 or you may contact your local Area Agency on Aging and Independent Living to see if there is a program in your area. www.chfs.ky.gov/dail/AreaAgenciesonAging.htm

KY Transitions (Money Follows the Person Demonstration Grant)

What is KY Transitions?

Using funding from the Money Follows the Person Demonstration Grant (MFP), the Department for Medicaid Services assists eligible individuals to transition from institutional settings back into the community. This program allows for flexibility in the individual's choice over the location and the type of services the person receives as his or her needs and preferences change. Upon transition, services will be provided through one of the appropriate existing waiver programs (ABI or HCBW).

Do I qualify for KY Transitions?

- Must be in an institution for 90 consecutive days
- Must meet existing Medicaid eligibility requirements
- Must be receiving services paid by Medicaid for at least one day prior to being transferred to the program
- Must meet nursing facility or Intermediate Care Facility – Intellectual Disability (ICF-ID) level of care.

How do I apply for KY Transitions?

(502) 564-0330 or (877) 564-0330 or you may find staff person's email on the KY Transitions website.

Or you may write to:

Michelle P. Waiver

What is the Michelle P. Waiver?

In 2002, some people with developmental disabilities sued the Commonwealth of Kentucky because the state did not provide enough help for them to live in the community instead of an institution. Kentucky finally agreed to provide extra services and settled the suit. It then created the Michelle P. Waiver, a Medicaid program that helps people live in the community, or go back to the community after living in an institution. The Michelle P. Waiver is for anyone with an intellectual or a developmental disability who is eligible to receive services at an ICF/ID (Intermediate Care Facility – Intellectual Disability), like Oakwood, Hazelwood, or Cedar Lake Lodge. To get the waiver, you must also have a Medicaid card or be eligible for one. Both children and adults can qualify. In the case of a child, the parents' income may be exempted.

What services are provided through the Michelle P. Waiver?

- Case Management
- Supported Employment *
- Homemaker *
- Attendant Care *
- Personal Care *
- Behavioral Supports *
- Respite
- Assessment/Reassessment
- Adult Day Health *
- Occupational Therapy *
- Adult Day Training *
- Physical Therapy *
- Environmental and Minor Home Adaptations
- Speech Therapy *
- Community Living Supports *

**Services with an asterisk are limited to 40 hours a week altogether.*

Therapy services are NOT provided under the MPW program for members under the age of 21. The Early Periodic Screen, Diagnosis and Treatment Special Services (EPSDT) Program now provides therapy for persons under 21.

A case manager or support broker will help you decide the services you need. There are no residential services with the Waiver. It was designed to help people who live in their own homes or a family member's home, and need help to continue living in the community.

Who provides the services?

Once you receive the Waiver, you can get services from any Supported Community Living (SCL) or Home and Community Based Waiver (HCBW) approved agency. You can even hire someone you know to provide some of the services through the Consumer-Directed Option.

How do I apply?

To apply, contact your local Community Mental Health Center. The Center will provide an assessment to determine if you are eligible. You can find your Center by visiting www.chfs.ky.gov/dms/mpw.htm or by calling (502) 564-4527. When you apply for yourself or your child, be sure to ask to be added to the SCL waiting list.

How can I learn more?

Call the Division of Community Alternative at 502-564-1647 or visit the Michelle P. Waiver website: www.chfs.ky.gov/dms/mpw.htm

Personal Care Attendant Program

What is the Personal Care Attendant Program?

Attendant services are provided for people 18 and older with functional loss of 2 or more limbs and who have the ability to hire and supervise an attendant. Services include assistance with personal care, housekeeping, shopping, travel, self-care procedures, meal preparation, and other daily activities. State and local funds are used by local organizations to provide services and programs that help maintain older persons in their own homes. Please contact the Department of Aging and Independent Living to determine whether there is a waiting list for services.

Do I qualify?

- Must be 18 years of age or older
- Must have a severe physical disability with permanent or temporary recurring functional loss of two or more limbs
- Must need at least 14, but no more than 40, hours of personal care attendant services per week
- Must be mentally capable of instructing and supervising attendants
- Must be able to prepare attendant payroll reports and employer tax statements.

How can I apply for these services?

Contact the Office of Aging Services, Cabinet for Health Services:

Department for Aging and Independent Living
Personal Care Attendant Program
275 E Main St., 3E-E
Frankfort, KY 40621

(502) 564-6930 Ext 3477

Personal Care Attendant Services Program: www.chfs.ky.gov/dail/pcap.htm

Supports for Community Living (SCL)

What is the Supports for Community Living Waiver Program?

SCL provides services to individuals with intellectual disabilities to support them to live in his or her own home (or with family) or in an agency supported home in the community rather than in an institution. A person who qualifies for the SCL waiver may choose to manage his or her own supports through an agency provider (traditional), manage qualified services themselves (Participant Directed Services), or through a blended approach. All participants choose a case manager who assists them to develop a Person-Centered Plan of Care. This process includes developing a vision for a life that addresses what is important to the person (where to live, work, worship and play) as well what is important for their health and safety. Supports and services are designed to assist the person to live, work, and participate in their community in a way meaningful to them.

How can I apply for SCL?

The first step is to complete an application called a MAP 620. You may get the application form by calling your local Community Mental Health Center or by visiting:

www.chfs.ky.gov/dms/scl.htm

There is an extensive waiting list for the SCL waiver. Depending on the person's needs and living situation, the individual will be placed on one of three levels – emergency, urgent or future planning. **To be added to the list, people must complete a MAP 620, and provide the requested documentation.**

Do I qualify for SCL?

- Must have an intellectual or developmental disability as defined in 907 KAR 10:010
- Must meet Medicaid financial eligibility requirements
- Must meet Medicaid level of care for an ICF/IID per 907 KAR 1:022

How can I learn more?

(502) 564-7700

Supports for Community Living website: www.dbhdid.ky.gov/ddid/scl.aspx

Participant Directed Services (PDS)

What are Participant Directed Services (PDS)?

(Formerly Called Consumer Directed Option affecting Supports for Community Living (SCL) Waiver)

The Participant Directed Service (PDS) gives Medicaid SCL waiver members the capacity to hire and fire caregivers based on a budget established in the Plan of Care. The following SCL Services may be participant directed:

- Community Access
- Community Guide
- Day Training
- Personal Assistance
- Respite
- Shared Living
- Supported Employment
- Goods and Services
- Natural Supports Training
- Transportation Services
- Vehicle Adaptation Services

Do I qualify for services from Participant Directed Services?

You must be a Medicaid eligible and enrolled in the SCL Waiver

How do I apply?

Supported Employment

What is Supported Employment?

Kentucky has over 80 entities that provide supported employment. Some are freestanding agencies that only provide supported employment. Others provide other services in addition to supported employment. When seeking supported employment, you may begin by talking with supported employment providers (KY Supported Employment Provider List). Alternatively, your first step may be contacting the Office of Vocational Rehabilitation (OVR) where your OVR eligibility will be determined and referrals made to supported employment providers. Regardless, it is important to interview supported employment providers to learn about their ways of approaching employment services. As is true for all types of services, there is a significant range of quality.

Do I qualify for Supported Employment services?

The Kentucky Office of Vocational Rehabilitation determines OVR eligibility for supported employment services, and then makes referrals to supported employment providers. To find contact information for regional OVR offices, visit: www.ovr.ky.gov/programservices/district.htm

As long as you're found eligible by the OVR for supported employment, OVR pays the initial costs including Person Centered Job Selection, Job Planning Meetings, Job Development, Job Analysis, Job Negotiation, and supporting your learning and becoming established in the job. Then the Supported Employment Providers have a variety of ways of paying for long-term support services including problem solving on the job, and promoting job advancements. Either you may contact OVR first, or you may begin by talking with Supported Employment Providers who will connect you with OVR to determine eligibility.

How can I apply for these services?

Call the Kentucky Office of Vocational Rehabilitation in Frankfort at (800) 372-7172 or (502) 564-4440.

What can I expect during this phone call?

- An appointment will be made for you to meet with a counselor
- You will apply for OVR services, specifying Supported Employment
- You can also access a list of service providers by calling the number above.

How can I learn more?

Vocational Rehabilitation

What is Vocational Rehabilitation?

The Kentucky Office of Vocational Rehabilitation assists Kentuckians with disabilities to achieve suitable employment and independence. The office employs approximately 140 rehabilitation counselors in over 50 offices covering all 120 counties in Kentucky.

Do I qualify for Vocational Rehabilitation services?

- You must require Vocational Rehabilitation services in order to attain your employment goals
- If you receive Social Security disability benefits, you are considered to be an individual with a significant disability and are presumed to be eligible for services
- Your impairment must result in a substantial impediment to employment
- It is not necessary to receive SSI to qualify for this program
- You must be of employable age by completion of rehabilitation.

What Services does Vocational Rehabilitation provide?

- Assessment for determining eligibility and needs
- Counseling and guidance
- Vocational and training services
- Supported employment
- Personal Assistant Services
- Interpreter and note taking
- Telecommunications, sensory and other technical aides
- Job placement and job retention services
- Employment follow-up and post-employment services.

How can I apply for Vocational Rehabilitation?

See the Directory at www.ovr.ky.gov/programservices/district.htm to contact the office nearest you or call (800) 372-7172 (TTY) for more information.

Office for the Blind

What is the Office for the Blind?

The Kentucky Office for the Blind assists Kentuckians with visual disabilities to achieve suitable employment and independence. The office employs approximately 100 staff members in 11 offices covering all 120 counties in Kentucky.

Do I qualify for services from the Office for the Blind?

- You must have a significant visual disability.

What services does the Office for the Blind provide?

- Assessment to determine eligibility and needs
- Vocational Guidance and Counseling
- Job Development
- Job Placement Services
- Assistive Technology Services and Devices
- Orientation and Mobility
- Work Experience
- Biopic Driving
- Orientation and Mobility Services

Social Security Disability Income (SSDI)

What is SSDI?

Social Security pays disability benefits to you and certain members of your family if you have worked long enough and have a medical condition or disability that has prevented you from working or is expected to prevent you from working for at least 12 months or end in death.

Do I qualify for SSDI?

Social Security Disability eligibility is determined on having a disability, and SSDI payments are based on your prior work. Your spouse and other dependents may be eligible for SSDI payments based on your work history. Their income may affect their amount of benefits, but their income does not affect the amount that you draw for yourself.

- Eligibility for both SSI and SSDI is possible if SSDI benefit rates are low enough
- If you qualify for SSDI benefits, you will be eligible for Medicare after receiving benefits for two years
- At your full retirement age, your SSDI benefits automatically convert to your Social Security Retirement benefits.

How can I apply for SSDI?

You may apply on-line for disability benefits without waiting for an appointment. To apply, visit www.ssa.gov/applyfordisability/

To locate your Social Security office, visit www.secure.ssa.gov/ICON/main.jsp

You may call the Social Security Administration (SSA) office to schedule an appointment at your local office or to ask questions.

(800) 772-1213.

State General Funds

What are State General Funds?

State General Funds are dollars that Community Mental Health Centers can use flexibly. These dollars can fund short-term supports that include but are not limited to respite, crisis intervention, and case management.

Do I qualify and how do I apply?

Due to the flexible nature of these funds, you will need to contact your local Community Mental Health Center to determine if funds are available for the services you need.

Community Mental Health Center listings can be found starting on page 54 in the *Additional Resources* section of this manual.

Supplemental Security Insurance (SSI)

What is SSI?

SSI is a federal income supplement program funded by general tax revenues and not Social Security taxes. It is designed to help aged, blind and individuals with disabilities that have little or no income. SSI provides cash to meet basic needs for food, clothing and shelter.

Do I qualify for SSI?

To receive SSI, you must be 65 or older or blind or disabled

- Children as well as adults can receive benefits
- SSI is based on financial need
- You must be determined disabled by the Social Security Administration Disability Determination Office
- SSI recipients are automatically eligible for Medicaid.

How can I apply for SSI?

Call the Social Security Administration (SSA) office to schedule an appointment at your local office.

(800) 772-1213 or (800) 325-0778 (TTY)

SSI applications are not available online.

Traumatic Brain Injury (TBI) Trust Fund

What is TBI?

This program offers flexible, funding and support for people with traumatic brain injuries. The fund supports supplemental community based efforts to meet the special needs of individuals with brain injury.

Do I qualify?

Must have:

- Partial or total disability caused by injury to the brain
- Damage to the brain from physical trauma, lack of oxygen, allergic conditions, toxic substances and other medical incidents
- Impaired cognitive abilities or impaired brain function resulting from allergic conditions, toxic substances, or other acute medical clinical incidents, including damage caused by drug overdoses or alcohol poisoning.
- There are no caps for family income levels used to screen for services.
- There is a benefit limit of \$15,000 per individual per year, with a lifetime maximum of \$60,000.

Exclusions:

The following services are not covered under this program:

- Medications
- Institutionalizations
- Hospitalization
- Services for anyone who is a hospital, institutional, or incarcerated resident.

How can I apply for TBI?

Complete the online form at www.prd.chfs.ky.gov/GenLogEX/Detail.aspx?TK=50&Item=0 or call 502-564-6930

Individuals with disabilities may apply for loans for the purpose of home modifications

www.katlc.ky.gov

Respite Care

Respite Care consists of short term and temporary mental health or therapeutic home or adult treatment facility care to families with members who have disabilities, so that the caregivers and other family members can take a break from their daily routine of care giving. Respite care can also be offered overnight or for an extended period. Respite care helps alleviate the stress and consistent nature of caring for relatives with disabilities. Respite care also helps prevent burnout on behalf of the caregiver and family members. Furthermore, respite care also provides a change of daily schedule for the child, which can help strengthen both the child's independence and relationships with others. Depending on the organization or volunteer(s), respite caregivers either visit the homes of these families or require visiting an Adult or Child Foster Care home, day care center or a respite group home. "Host families" or exchange programs consist of other families who also have a member with a disability temporarily caring for a friend or neighbor's child and vice versa.

Department for Behavioral Health, Developmental and Intellectual Disabilities, Community Mental Health Centers

Can arrange respite care services for individuals with developmental disabilities through outpatient services, crisis services and sometimes inpatient care for stabilization.

275 E. Main Street 4CD

Frankfort, KY 40621-0001

www.dbhdid.ky.gov/cmhc/

KY Centers for Independent Living (*see page 26*) make accept information and make referrals for respite services.

KY Community Mental Health Centers (*see page 54*) may also provide or make referrals for respite services.

First Steps

Kentucky's Early Intervention System offers respite care for children with developmental delays (aged 0-3 years) that are served by First Steps. The need for respite is determined by the Individualized Family Service Plan. The respite provider would need to be enrolled under the First Steps Respite Program handled by Seven Counties. Emergency respite care referrals would be made to the Cabinet for Health and Family Services' Division of Protection and Permanency.
